

AKSHARA SRIKANTH

SOFTWARE ENGINEER

Computer Science student at VIT Chennai with extensive expertise in the field. Demonstrates advanced technical skills, linguistic proficiency, and adept application of knowledge. Passionate about pioneering innovations in Computer Science Engineering. Committed to the advancement of Artificial Intelligence and Machine Learning. Eager to leverage expertise in a dynamic professional environment.

SKILLS	• Proficient in Python	• Active Listening
	• Advanced knowledge of MySQL	• Rapport Building
	• Expertise in Data Structures and Algorithms	• Deadline Management
	• Skilled in Computer Networking	• Problem-Solving
	• Specialized in Machine Learning	• Strong Communication Skills

EDUCATION

BACHELOR OF TECHNOLOGY

Computer science engineering with spln in Artificial Intelligence and Machine Learning
Vellore Institute of Technology, Chennai | 2022 - 2026

PROJECTS

- Product Recommendation Site: Developed and published a research paper on segmenting products based on ratings and reviews.
- Security Alarm System: Created a working project using a PIR sensor and GSM technology for fire alarm integration.
- Sustainable Smart Cities: Authored a research paper on emerging technologies for sustainable smart city development.
- Library Management System: Designed and implemented a comprehensive library management system.
- Medical Image Segmentation: Conducted a project on medical image segmentation utilizing machine learning techniques.

PROFESSIONAL ASPIRATIONS

As an impassioned student of Computer Science, I am enthralled by the intricate interplay between technology and societal advancement. My career aspirations revolve around spearheading transformative breakthroughs in AI and ML, igniting innovation, and unraveling the most formidable challenges with scholarly rigor and unwavering determination.
